

1. The term X originated after singer Y insisted that photos of her house be removed from CaliforniaCoastline.org, resulted in users copying the photo and posting it all over internet. Attempts to remove content from the Internet generally result in spreading it more broadly. This is commonly known as X.

Identify X and Y.

2. *"You cannot do terrorism on other people and expect it never to come back on you. Those are biblical principles, not _____ _____ bombastic principles"*, said this now-infamous American quoting himself at the National Press Club.

Who is this person? He is also one of the most out-spoken critics of the racial and political policies of the USA presently.

3. This device has a small permanent magnet affixed to the rotating cable interacts with a small aluminum cup attached to the shaft of the pointer on the analogue instrument. As the magnet rotates near the cup, the changing magnetic field produces eddy currents in the cup, which themselves produce another magnetic field. The effect is that the magnet 'drags' the cup and thus moves the pointer in the direction of its rotation with no mechanical connection between them.

What commonly used device is being described?

4. The word _____ was coined by Swedish journalist Harald Nielsen in 1952, as a portmanteau of X and Y. It is however often claimed to be derived from "X velociped", as Velocipede is an obsolete term for bicycle that is still being used in some languages such as Russian.

What invention?

5. Identify the logo below.

6. X is the oldest form of the recipe present in Tamil Nadu. And the saying is that 'the older it is, it tastes better'. It is the small sized Viruppachchi plantains which account for the taste, the reason being that they have very little water content. Crushed plantains apart, it consists of kandasari sugar from Kangeyam area, dates, kismis, sugar candy (kalkandu), cardamom and ghee in proper proportions: plantains 100 numbers; kandasani sugar 10 kgs.; dates 1 kg.; Sugar candy 500 giris.; kismis 500 giris.; ghee 250 giris.; cardamom 25 giris.

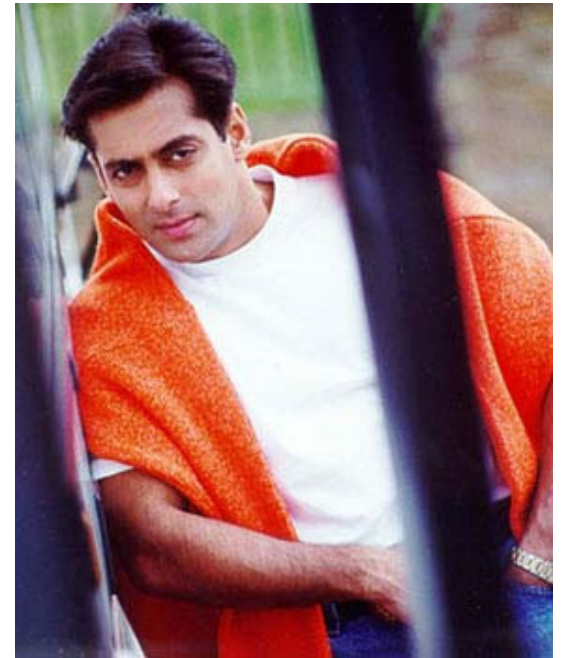

Name the recipe

7. "On the Shoulders of Giants" is a collection of works by the major scientists Nicolaus Copernicus, Galileo Galilei, Johannes Kepler, Isaac Newton and Albert Einstein.

Which other great genius compiled them?

8. CONNECT

9. God's algorithm is a notion originating in discussions of ways to solve combinatorial puzzles and mathematical games. It stands for any practical algorithm that produces a solution having the least possible number of moves, the idea being that an omniscient being would know an optimal step from any given configuration.

God's Algorithm is the best related to which game ?

10. The village, in the Manawatu district in the North Island of New Zealand, is the birthplace of _____, originally a baby food manufacturer processing local milk into an early baby food named _____. Still visible on the main street of Bunnythorpe is a derelict dairy factory (factory for drying and processing cows' milk into powder) with the original _____ logo clearly visible, but nothing to indicate that this was the start of a major multinational.

Fill in the blank.
